Hiring Manager

UL Solutions

Dhaka District, Dhaka, Bangladesh

Subject: Application for the Position of Inspector CRS

Dear Hiring Manager,

I am writing to apply for the position of Inspector CRS at UL Solutions, as advertised on LinkedIn. With over 16 years of hands-on experience in garment quality assurance and inspection, I am confident that my background is well aligned with the requirements of this role.

Throughout my career, I have conducted in-line, pre-final and final inspections across Knit, Woven Denim and Non denim products, evaluating raw materials, work-in-process and finished goods against approved buyer standards and reference samples. I am well practiced in visual inspection and measurement of finished products, checking workmanship, construction and finishing against client-approved criteria, and in following structured inspection procedures and reporting protocols consistently and accurately.

I have experience preparing and communicating inspection reports, both verbally and in writing, to factory contacts, buyers and management, and I am comfortable coordinating professionally with cross-functional teams to close out quality issues through root-cause analysis and corrective action. I am proficient in MS Office, including Excel and Outlook, and have consistently maintained accurate documentation in line with company and client requirements. I am also fully open to factory visits and travel as required for this role.

I take pride in representing my work with professionalism and integrity, and I am confident in my ability to quickly gain proficiency in UL Solutions' specific inspection procedures, random sampling principles and reporting systems. I would welcome the opportunity to bring my technical inspection experience to your team and contribute to UL Solutions' mission of advancing product safety and quality.

Please find my resume attached for your kind review. I am available at your convenience for an interview and thank you for considering my application.

Yours sincerely,

Md. Khadimul Islam (Liton)
